

Dupont

Aug 28, 1991 - Gwoscom + 3 PHD's

couldn't remember names - but included Head of H.R.

- indicated that smoking ban done deal - Dupont needs to hold down Health Care costs

Dupont also had health care person + toxicologist

Dupont supplier for RJR on fibres (for expanded tobacco)
In course of these discussions clear that Dupont doesn't want to cooperate in any way

Someone in organization complained to RJR talking about anti-tobacco mood.

Tobacco Growers ^{Information Committee} ~~assoc.~~ has list of uses of Dupont chemicals. They are urging their membership to write and complain
